20 Letter No. 731 dated the 4th November 1929 from the Chief Engineer & Secy. to Govt. requesting that arrangements may be made for placing at the disposal of the Executive Engineer, Public Works Department, Mysore the amount required for constructing the Ayurvedic College building at Mysore.

1) Submitted for orders. The Financial Branch will have to be consulted in the matter.

CB,
8/10/29

8/12

2 The estimate for Rs 62,648/- already sanctioned for the construction of the Ayurvedic College building at Mysore includes a provision of Rs 10,000/- (asked for) for the acquisition of private lands as well as Rs 4,444/- being the value of 2222 Sq.Yds. of land made available by the Trust Board. Against this estimate, funds to the extent of Rs 55,000/- have already been placed at the disposal of the Public Works Department and it has also been ordered that the balance of Rs 7,648/- should be met from the Public Works Department Budget. If the Chief Engineer is unable to propose reappropriation

Serial No.

reappropriation in his Budget grant to meet this demand of Rs 7,648/-, an additional grant to that extent may be sanctioned by reference to the Legislative Council.

3 From the report of the Executive Engineer, Mysore Special Division, it will be seen that the total expenditure up to the end of the year is expected to be Rs 68,400/- The extra demand over the budget provision is only Rs 13,400/- and not Rs 15,000/- as required by the Chief Engineer. For the present it seems to be sufficient if the balance of the sanctioned estimate viz., Rs 7,648/- be placed at the disposal of the P. W. Department. The question of providing additional funds may be considered after the revised estimate, which is stated to be under preparation, is received and considered by Government.

Immediate

Construction of the Ayurvedic College building at Mysore.

Sir,

R

With reference to G.O.No.1873-76/Muz.253-28-6 dated the 20th March 1929, sanctioning the construction of the above building at a cost of Rs 62,648, I have the honour to forward herewith a copy of D.O. letter No.213 dated the 17th October 1929 together with that of its enclosure received from the Superintending Engineer, Mysore Circle, on the subject, and to request that under the circumstances reported therein, arrangements may kindly be made for placing an additional grant of Rs 15,000 at the disposal of this Department to enable the works being pushed on.

2. A copy of D.O. letter No.416 dated the 1st August 1929 received from the private Secretary to the Dewan in the matter of the acquisition of the sites for the building is also herewith forwarded for information.

I have the honour to be,
Sir,
Your most obedient servant,

J Bhore 6.11.29

Chief Engineer of Mysore.

V.N.S.

D.O. letter No.213 dated the 17th October 1929, from the Superintending Engineer, Mysore Circle, to the Chief Engineer, Mysore.

Your D.O.No.4 dated 13th October 1929 in regard to the acquisition of properties for the construction of Ayurvedic College at Mysore.

During the year 1928-29, no State grant was available against the donation of Rs.15,000/- from Mr.Gundlu Pandit and Rs.15,000/- from the Annachatram Fund, the Executive Engineer incurred an expenditure of Rs.17,413/- up to end of June 1929. A further expenditure of Rs.9,500/- is reported to have been incurred on the work up to end of August during the current year.

The Executive Engineer reported in his letter No.297 dated 4th September 1929 that Rs.10,000/- would be required for the completion of the ground floor and another Rs.12,000/- for the central portion of the building and that consequently additional grants to the extent of Rs.15,000/- would be necessary as the State grant of Rs.25,000/- for the current year would not suffice.

In his letter No.455 dated 16th October 1929 (copy enclosed) the Executive Engineer now reports that against the total amount of Rs.55,000/- made available to him up to now, payments to the extent of Rs.32,000/- have already been made and amounts of Rs.10,000/- and Rs.12,000/- will be required for works executed and to be executed during the year on the ground floor works already sanctioned and for the first floor and dome on the central portion (not included in the sanctioned estimate) respectively. The Executive Engineer has also to pay nearly Rs.4,400/- for the lands already acquired. The commitments therefore amount to nearly Rs.58,500/-. It will thus be seen that no funds are available for being placed

at the disposal of the Chairman. I therefore request to be informed if additional grants to the extent of Rs.15,000/- may be expected. If this extra grant is given, the amount asked for by the Chairman can be paid to him.

Letter No.455 dated the 16th October 1929, from the --- Executive Engineer, Mysore Special Division, to the Superintending Engineer, Mysore Circle, Mysore.

With reference to your No.3199 dated 12th September 1929 re the construction of the Ayurvedic College at Mysore, I have the -- honour to state that as per revised estimate under preparation the total cost of the building is expected to amount to about Rs.80,000/-. A sum of Rs.15,000/- out of the Gundlu Pandit's donation and a --- further sum of Rs.15,000/- out of Annachatram Savings Fund were -- received and the current year's Government grant is Rs.25,000/- thus bringing the total amount to Rs.55,000/-.

Out of this amount, payments to an extent of Rs.32,000/- - have already been made and a further sum of about Rs.12,000/- will be required for the completion of the central portion including -- the Dome besides payments to an extent of nearly Rs.10,000/- that have to be made for the ground floor work till the end of this year.

An area of about 2,222 square yards being the Trust Board - lands taken up for the building has also to be paid and this comes to Rs.4,400/-. This is under verification and will be paid for - in due course from this year's grant. Thus against Rs.55,000/- made available, the total expenditure as shown above comes to ---- Rs.58,500/-.

Under the above circumstances, Rs.10,000/- required towards acquisition of private lands cannot be spared out of the grant now

available and additional grant as already requested may therefore be kindly made available early if lands are required to be - - acquired immediately and cannot be postponed till next year.

G.O. No. 1873-76/Muz.253-28-6 dated the 20th March 1929 according sanction to the construction of the Ayurvedic and Unani College building at Mysore at a cost of Rs. 62,648/-

2. Letter No. 5731 dated the 7th November 1929 from the Chief Engineer of Mysore, requesting for reasons, given that an additional sum of Rs. 15,000/- be placed at the disposal of the Public Works Department to enable the work of constructing the Ayurvedic and Unani College building at Mysore being pushed on expeditiously.

Order No. 10100-17 Muz. 253-28-11

Dated, Bangalore, the 18th November 1929.

The estimate for Rs. 62,648/- sanctioned for the construction of the Ayurvedic College building at Mysore includes a provision of Rupees 10,000/- for the acquisition of private lands as well as Rs. 4,444/- being the value of 2222 sq. yds. of land made available by the Trust Board. Against this estimate, funds to the extent of Rs. 55,000/- have already been placed at the disposal of the Public Works Department and it has also been ordered that the balance of Rs. 7,648/- should be met from the Public Works Department Budget. An additional grant to this extent will accordingly be sanctioned to the Public Works Department by placing a demand therefor before the next meeting of the Legislative Council. The question of providing more funds cannot be considered till a revised estimate is received with satisfactory explanation for the revision of the estimate.
